

Utah Statewide Immunization System (USIIS) Monthly Report for March 2002

USIIS Website: The USIIS website has been recently updated and refined. Please check out www.usiis.org to inspect the changes. **Contact Nancy Paré at 801-538-6871.**

Provider Enrollment: During the month of March, Hunter Medical, Jordan Meadows, and Draper Clinic were all trained on WebKIDS. Vernal Health Department and Roosevelt Health Department switched from KIDS to WebKIDS. Enrolled with training pending are Murray Clinic and Uintah and Basin Medical Clinic. **Contact JC Alexander at 801-538-6827.**

USIIS Roll-out Committee: This group is collaborating with the VFC staff in Immunization to improve provider enrollment in USIIS. A link from the USIIS website is being developed with a spreadsheet that will help coordinate provider contacts. **Contact Joe Nay at 801-538-7008.**

USIIS Oversight Committee: The Oversight Committee met for the first time since September and received program updates. The committee approved a link from WebKIDS to the Hearing Screening Database so that if healthcare providers would like to view infant hearing screening results online it will be possible from the USIIS link. **Contact Nancy Paré at 801-538-6871.**

Report Problems: USIIS has been experiencing some problems with reports. To solve these issues State ITS has now moved to a new Actuate report server. This should solve the problems users have been experiencing. **Contact Joe Nay at 801-538-7008 or jnay@doh.state.ut.us.**

Users Group: The USIIS Users Group is being reorganized. The purpose of this group is to advise USIIS staff on database functions and screen organization, identify needed improvements, and provide feedback regarding all user issues. If you are interested in participating with this group, **contact Sandra Schulthies at 801-538-6114.**

Technical Planning: USIIS staff is planning a half-day meeting in April to look at USIIS technological needs for the next year and also examine technological innovations that may impact the program in the future. **Contact Nancy Paré at 801-538-6871.**
